

# **MEDICAID MEMBERS:**

## **Get \$200 for getting a COVID vaccine!**

The first 100,000 Medicaid members who get a dose of the COVID-19 vaccine could get a \$200 gift card from their Healthy Louisiana plan.

The “Shot Per 100,000” COVID vaccine administration program is for Medicaid members only, ages 5 and older. Gift cards will not be given to members on-site at the time of vaccination, but will be sent later by the health plan.

### **STEP ONE**

Visit <https://ldh.la.gov/covidvaccine> for a list of vaccine locations.

### **STEP TWO**

Get your first or second dose of a two-part COVID vaccine, or one single-dose COVID vaccine.

### **STEP THREE**

Check your mail. Once the member’s health plan receives their vaccine information, the health plan will send gift cards to eligible members.

Visit [www.ldh.la.gov/vaccinegiftcard](http://www.ldh.la.gov/vaccinegiftcard) for more details.
