Abbeville General is a provider of healthcare services located in Vermilion Parish, in the state of Louisiana, with its primary location in the city of Abbeville, with clinics in nearby locations. Since its inception, Abbeville General has developed and maintained a solid reputation for rendering quality medical care, close to home. With skilled and dedicated staff, who strive to continuously improve and provide quality healthcare services, the goal is to exceed the expectations of our patients, their families, and our community. Conducting business in a manner consistent with high standards of professional and medical ethics, while maintaining compliance with federal and state laws, Abbeville General places high regards to adherence to the Code of Conduct.

It is the policy of Abbeville General to foster and maintain an environment which promotes awareness of corporate compliance among all staff members and affiliates with continuing efforts to prevent unintentional or irresponsible noncompliance with applicable laws. The Compliance department operates in a manner to detect episodes of noncompliance, should they occur, while holding those responsible who have been determined to be involved in noncompliance.

The principles that guide our daily practices are displayed by the moral and ethical values that exist throughout the organization. We strive to maintain these principles through excellent relations with our customers, suppliers, other healthcare providers, educational institutions, payers and the community.

Our ultimate goal is to positively impact the quality of care provided to all patients of Abbeville General, while simultaneously conducting business in an ethical and professional manner. The values of Abbeville General are exemplified by the behavior of all those involved in our organization, encompassing: Accountability, Communication, Courtesy, Excellence in Service, Professionalism / Privacy and Teamwork.

Compliance Officer: Errol F. Greig, Jr, MBA-HCA, CHC
