

# You're in control

*MyHealthLife Portal offers a new online service that gives you the freedom to access your medical records anytime, anywhere.*

By accessing MyHealthLife Portal, you are able to access your medical records and view your medical conditions, lab results, radiology results, immunization records, allergies, prescriptions, and other information online.

MyHealthLife Portal is available to you right now. The registration process is quick and easy. All you need to do is talk to a member of our healthcare team for more information.

*Take control of your health and join today!*

**Safe and secure**  
management of your healthcare.

  - ◆ Agree to the terms of use and privacy policy, and click [Create Account](#).

*After you complete enrollment, remember your username and password, as you will need them every time you log in to <https://abbevillegeneral.iqhealth.com/>*

# frequently asked Questions

**Is my information secure?**

Yes. MyHealthLife Portal is HIPAA compliant and provides you with the ability to securely view, store, and share your health information.

**My health record information is missing.**

Usually the portal displays only parts of your health record that are associated with a particular provider. Also, some sensitive information isn't displayed in the portal. If you still think that some of your health record is missing, discuss this with us during your next visit or contact us.

**Why is Cerner referenced on the website?**

Cerner is the company we use to securely manage your electronic medical record information. MyHealthLife Portal is a customized Cerner system which provides you with the capabilities to interact with the medical record system.
